

**Extension Activities Cell  
Janata College, Kabuganj**

Dated: June 08<sup>th</sup> 2019

**Report on the activities undertaken by the Cell on the occasion of World Environment Day 5<sup>th</sup>, June 2019**

In order to celebrate the World Environment Day, 2019 a programme was organised by the Extension Activities Cell of the college, in collaboration with the NSS of the college. As a part of the programme, the plantation activities for the year started with plantation of a number of saplings within and outside the college campus.

The motto for the year's World Environment Day of the Cell was **COMBATING AIR POLLUTION**. Following the plantation activities, an awareness programme on the importance of plantation of more trees and the dangerous aspects of air pollution was organised. In the awareness programme, the speakers highlighted on the importance of plantation, vis-a-vis, global warming. Prof. Kanika Nath, Retired Head of the Department of M C Das College, Sonai, also addressed the gathering and spoke on the motto of the programme.
