U. G. SYLLABUS- NEP 2020

Political Science

TDC (NEP) 1st Semester

PLS: DSC 101: INTRODUCTION TO POLITICAL THEORY

Full marks- 100

(ESE- 70 Internal- 30)

Credit-3

Course Objectives:

- 1) To understand the fundamental concepts, nature, scope, and relevance of political theory.
- 2) To differentiate between politics, political science, and political theory, and recognize their interconnections.
- 3) To explore the meaning, forms, characteristics, merits, and demerits of democracy and analyze the conditions for its success.
- 4) To examine the concept of liberty, its definition, features, and different forms, along with the safeguards necessary for preserving liberty.
- 5) To investigate the meaning, features, kinds, and interrelationship between liberty and equality, and understand the role of equality in political theory.
- 6) To study the development of the idea of justice, different types of justice, and analyze John Rawls' theory of justice, as well as feminist and subaltern perspectives on justice.
- 7) To critically evaluate the principles of fairness in the context of protective discrimination and the role of the state in intervening in the institution of the family.

Units	Topics	Lectures
1	Politics: Meaning and Difference with Political Science and Political Theory. Political Theory: Meaning, Nature, Scope and Relevance.	
2	Basic Concepts: I Democracy: Meaning, Forms, Characteristics, Merits and Demerits, The Pre-conditions for the Success of Democracy. Liberty: Definition, Features, Forms of Liberty; Safeguards of Liberty. Equality: Meaning, Features, Kinds of Equality; Relation between Liberty and Equality.	

	Justice: Development of the Idea, Types of Justice, Rawls' Theory of Justice.	
3	Basic Concepts: II Citizenship: Meaning, Features, Genesis and Development; Methods of Acquisition and Loss of Citizenship. Rights- Meaning, Features, Kinds of Rights, Human Rights & the UNO. State: Definition, Evolution, Relationship between State and Civil Society.	
4	Debates in Political Theory: I Is Democracy Compatible with Economic Growth? Is Censorship Justified? Grounds of Censorship and its Limits.	
5	Debates in Political Theory: II Does Protective Discrimination violate Principles of Fairness? Should the State intervene in the Institution of the Family?	

Course Outcomes:

By the end of the course, students will be able to:

- 1) Explain the meaning, nature, scope, and relevance of political theory.
- 2) Differentiate between politics, political science, and political theory and understand their interconnections.
- 3) Analyze the characteristics, merits, and demerits of democracy and evaluate the conditions for its success.
- 4) Identify and explain different kinds of rights, including human rights, and understand their importance in the international context.
- 5) Analyze and present arguments on the compatibility of democracy with economic growth and the justifications and limits of censorship.
- 6) Critically evaluate the principles of fairness in relation to protective discrimination and the role of the state in intervening in the institution of the family.

U. G. SYLLABUS - NEP 2020
Political Science
 TDC (NEP) 1st Semester
 PLS: DSC 102: INDIAN GOVERNMENT & POLITICS
 Full marks- 100
 (ESE- 70 Internal- 30)
 Credit-3

Course Objectives:

- 1) To understand the historical context and significance of the making of the Indian Constitution, along with its salient features and underlying philosophy.
- 2) To examine the Fundamental Rights and Duties enshrined in the Constitution and understand their significance in protecting citizens' rights and promoting civic responsibilities.
- 3) To explore the Directive Principles of State Policy and their role in guiding the government's socio-economic objectives and welfare initiatives.
- 4) To analyze the concept of federalism in the Indian context, including the division of powers between the Union and the states, and understand the dynamics of Union-State relations.
- 5) To study the emergency provisions in the Constitution and their implications for governance during times of crisis.
- 6) To discuss the 6th Schedule of the Indian Constitution, with a focus on administration in the hill districts of Assam, and analyze its implications for regional governance.

Units	Topics	Lectures
1	Making of the Indian Constitution, Salient Features and Philosophy of the Constitution. Fundamental Rights and Duties, Directive Principles of State Policy.	
2	Federalism: Nature of Federalism, Union-State Relations, Sarkaria Commission and Punchhi Commission.	
3	The Executive: President- Election, Impeachment Procedure, Powers and Functions.	

	Prime Minister- Appointment and Role and Functions. Union Council of Ministers- Composition, Powers and Functions.	
4	The Legislature: Parliament- Composition, Powers and Functions, Relations between the Lok Sabha and the Rajya Sabha. The Judiciary: The Supreme Court- Composition and Jurisdiction, Judicial Review and Judicial Activism.	
5	Political Institutions at the Local Level: Panchayati Raj Institution and Urban Local Bodies. Discussion on 6th Schedule with reference to Administration of Dima Hasao and Karbi Anglong districts of Assam.	

Course Outcomes:

By the end of the course, students will be able to:

- 1) Explain the historical background and significance of the Indian Constitution, identify its salient features, and understand the underlying philosophy.
- 2) Analyze and interpret the Fundamental Rights and Duties enshrined in the Constitution and their importance in safeguarding citizens' rights and promoting civic responsibilities.
- 3) Evaluate the Directive Principles of State Policy and understand their role in guiding government policies for socio-economic welfare.
- 4) Analyze the concept of federalism in the Indian context, including the division of powers between the Union and the states, and understand the dynamics of Union-State relations.

Discuss and analyze the emergency provisions in the Constitution and their implications for

- 5) Analyze the appointment process, powers, and functions of the Prime Minister and evaluate the composition and role of the Union Council of Ministers.
- 6) Analyze the composition, powers, and functions of Parliament, including the relations between the Lok Sabha and the Rajya Sabha.
- 7) Understand the composition and jurisdiction of the Supreme Court, analyze the concept of judicial review, and evaluate the role of judicial activism in shaping Indian governance.

U. G. SYLLABUS - NEP 2020
Political Science
 TDC (NEP) 1st Semester
 PLS: IDC 101: POLITICAL THEORY – BASIC CONCEPTS
 Full marks- 100
 (ESE- 70 Internal- 30)
 Credit-3

Course Objectives:

1. To understand the meaning, nature, scope, and relevance of political science and its relationships with history, economics, and sociology.
2. To examine the concept of the state, including its definition and the elements that constitute it.
3. To explore different theories of the origin of the state, including the divine origin, the social contract, and the evolutionary theories.
4. To analyze various theories regarding the nature of the state, including idealist, organismic, juridical, and Marxian perspectives.
5. To understand the meaning, definition, and different kinds of sovereignty, and analyze Austin's theory and the pluralistic theory of sovereignty.
6. To study different forms of government, including democratic and dictatorial, unitary and federal, as well as parliamentary and presidential systems.

Units	Topics	Lectures
1	Political Science: Meaning, Nature, Scope and Relevance, Relations with History, Economics and Sociology.	
2	Idea of State: Definition, Elements of the State, Theories of Origin of State: The Divine Origin, The Social Contract and The Evolutionary.	
3	Theories of Nature of the State: Idealist, Organismic, Juridical and Marxian.	

4	Sovereignty: Meaning, Definition and Kinds of Sovereignty, Austin's Theory and Pluralistic Theory of Sovereignty.	
5	Forms of Government: Democratic and Dictatorial; Unitary and Federal; Parliamentary and Presidential.	

Course Outcomes:

By the end of the course, students will be able to:

1. Explain the meaning, nature, scope, and relevance of political science and understand its relationships with history, economics, and sociology.
2. Define the concept of the state and identify its essential elements.
3. Evaluate different theories of the origin of the state, including the divine origin, the social contract, and the evolutionary perspectives.
4. Analyze and compare various theories regarding the nature of the state, including idealist, organismic, juridical, and Marxian perspectives.
5. Define sovereignty, understand its meaning and different kinds, and critically evaluate Austin's theory and the pluralistic theory of sovereignty.
6. Develop research and analytical skills through the study of political theory and its basic concepts.

Political Science
 TDC (NEP) 1st Semester
 PLS: SEC 101: LEGISLATIVE SUPPORT
 Full marks- 100
 (ESE- 50 Internal- 30 Project/Field work- 20)
 Credit-3

Course Objectives:

1. To understand the role, powers, and functions of people's representatives in the Parliament and State Legislatures.
2. To examine the role and functions of people's representatives in rural and urban local self-governments.
3. To familiarize students with the central legislative processes, including law-making procedures (ordinary and financial) and the constitution amendment procedure.
4. To understand the types of parliamentary committees, their role in the legislative process, and the specific functions of standing committees and finance committees.
5. To analyze the role of the Parliament in the Union Budget process.

Units	Topics	Lectures
1	People's Representatives and their Powers and Functions: Members of the Parliament and State Legislatures.	
2	Role and Functions of People's Representatives in Rural and Urban Local Self-Governments.	
3	Central Legislative Processes: Law making procedures- Ordinary and Financial, Constitution Amendment Procedure.	
4	Parliamentary Committees: Types, Role of Standing Committees and Finance Committees.	
5	The Union Budget: Role of the Parliament.	

Course Outcomes :

By the end of the course, students will be able to:

1. Identify and explain the role, powers, and functions of people's representatives in the Parliament and State Legislatures.
2. Analyze and evaluate the role and functions of people's representatives in rural and urban local self-governments.
3. Understand the central legislative processes, including the procedures for law-making (ordinary and financial) and the constitution amendment procedure.
4. Describe and analyze the different types of parliamentary committees and their contributions to the legislative process, with a focus on standing committees and finance committees.
5. Explain the role of the Parliament in the Union Budget process and analyze its significance in the governance of the country.
6. Apply the knowledge and understanding of legislative processes and the role of people's representatives to critically evaluate and assess the functioning of the legislative bodies.
7. Develop research skills to gather information on legislative processes and practices.

U. G. SYLLABUS - NEP 2020
Political Science
 TDC (NEP) 2nd Semester
 PLS: DSC 151: POLITICAL THEORY – CONCEPTS AND DEBATES
 Full marks- 100
 (ESE- 70 Internal- 30)
 Credit-3

Course Objectives:

1. To understand the importance of freedom and analyze different conceptions of liberty, including negative liberty and positive liberty.
2. To examine the significance of equality and explore different perspectives on equality, including formal equality, political equality, and egalitarianism, with a focus on the Indian context and the concept of differential treatment.
3. To study the idea of justice and analyze different types of justice, including procedural justice, distributive justice, and global justice.
4. To explore the universality of rights and understand the concepts of natural rights, moral rights, and legal rights, as well as the three generations of rights.
5. To engage in major debates on human rights and multiculturalism, including the debate between universalism and cultural relativism regarding human rights, and the concept of multiculturalism and its relationship with the idea of toleration.

Units	Topics	Lectures
1	Core Concepts: Importance of Freedom: Negative Liberty, Positive Liberty.	
2	Significance of Equality: Formal Equality, Political and Egalitarianism with reference to Indian Concept and Differential Treatment.	
3	Idea of Justice: Procedural, Distributive and Global.	
4	Universality of Rights: Natural, Moral and Legal, The Three Generations of Rights.	
	Major Debates on Human Rights and Multiculturalism:	

5	Human Rights- Universalism Vs Cultural Relativism. Multiculturalism and the Idea of Toleration.	
---	--	--

Course Outcomes:

By the end of the course, students will be able to:

1. Analyze and evaluate different conceptions of freedom, including negative liberty and positive liberty, and understand their significance in political theory.
2. Critically evaluate the concept of equality, including formal equality, political equality, and egalitarianism, in the context of the Indian concept of differential treatment.
3. Understand and analyze different types of justice, including procedural justice, distributive justice, and global justice, and evaluate their implications in political theory.
4. Explain the universality of rights and understand the concepts of natural rights, moral rights, and legal rights, as well as the three generations of rights.
5. Develop critical thinking skills to analyze and evaluate different arguments and perspectives on political theory concepts and debates.
6. Enhance research skills through the study of political theory concepts and debates, and engage in independent research to explore relevant topics.
7. Communicate effectively, both orally and in writing, about the core concepts and debates in political theory, demonstrating a clear understanding of the subject matter.

U. G. SYLLABUS - NEP 2020
Political Science
 TDC (NEP) 2nd Semester
 PLS: DSC 152: POLITICAL PROCESS IN INDIA
 Full marks- 100
 (ESE- 70 Internal- 30)
 Credit-3

Course Objectives:

- 1) To understand the functioning of political parties and the party system in India, and analyze the transition from a one dominant party system to multi-party coalitions.
- 2) To examine major social issues in India, including caste, class, and patriarchy, and analyze the debates surrounding secularism and communalism in the context of religion and politics.
- 3) To explore the growing trends of regional aspirations in India, and analyze the politics of secession and accommodation.
- 4) To study significant social movements in India, such as the tribal movement (Santhal Movement, Bodo Movement), environmental movements (Chipko Movement, Narmada Bachao Andolan), and the women's movement.
- 5) To examine the development strategies implemented in India since independence, including the strategy of planned development and the impact of neo-liberalism and new economic reforms.

Units	Topics	Lectures
1	Political Parties and the Party System, Trends, From One Dominant Party system to Multi- Party Coalitions.	
2	Major Issues in India: Caste, Class and Patriarchy. Religion and Politics: Debates on Secularism and Communalism.	
3	Regional Aspirations: The Growing Trends, Politics of Secession and Accommodation.	
4	Social Movements in India:	

	Tribal Movement: Santhal Movement, Bodo Movement. Environmental Movement: Chipko Movement, Narmada Bachao Andolon. Women's Movement.	
5	Development Strategy in India Since Independence: Strategy of Planned Development. Neo-liberalism: New Economic Reforms.	

Course Outcomes:

By the end of the course, students will be able to:

- 1) Analyze and understand the functioning of political parties and the party system in India, and evaluate the implications of a transition from a one dominant party system to multi-party coalitions.
- 2) Critically evaluate and analyze major social issues in India, such as caste, class, and patriarchy, and assess the debates surrounding secularism and communalism in the context of religion and politics.
- 3) Identify and analyze the growing trends of regional aspirations in India, and evaluate the dynamics of politics related to secession and accommodation.
- 4) Analyze and evaluate significant social movements in India, including the tribal movement (Santhal Movement, Bodo Movement), environmental movements (Chipko Movement, Narmada Bachao Andolan), and the women's movement, and understand their impact on the political landscape.
- 5) Evaluate and analyze the development strategies implemented in India since independence, including the strategy of planned development and the implications of neo-liberalism and new economic reforms.
- 6) Develop an awareness and understanding of the complexities and challenges of the political process in India, and recognize its significance in the country's governance and development.

- 1) To understand the meaning of politics and differentiate it from political science and political theory.
- 2) To define and explain the meaning, nature, scope, and relevance of political theory.
- 3) To analyze and discuss the basic concepts of political theory, including democracy, liberty, equality, and justice.
- 4) To examine the meaning, features, genesis, and development of citizenship and understand the methods of acquisition and loss of citizenship.
- 5) To explore the concept of rights, including their meaning, features, kinds, with a focus on human rights and the role of the United Nations.
- 6) To define the state, understand its evolution, and analyze the relationship between the state and civil society.

Units	Topics	Lectures
1	Politics: Meaning and Difference with Political Science and Political Theory. Political Theory: Meaning, Nature, Scope and Relevance.	
2	Basic Concepts: I Democracy: Meaning, Forms, Characteristics, Merits and Demerits, The Pre-conditions for the Success of Democracy. Liberty: Definition, Features, Forms of Liberty; Safeguards of Liberty. Equality: Meaning, Features, Kinds of Equality; Relation between Liberty and Equality. Justice: Development of the Idea, Types of Justice, Rawls' Theory of Justice.	
3	Basic Concepts: II Citizenship: Meaning, Features, Genesis and Development; Methods of	

	Acquisition and Loss of Citizenship. Rights- Meaning, Features, Kinds of Rights, Human Rights & the UNO. State: Definition, Evolution, Relationship between State and Civil Society.	
4	Debates in Political Theory: I Is Democracy Compatible with Economic Growth? Is Censorship Justified? Grounds of Censorship and its Limits.	
5	Debates in Political Theory: II Does Protective Discrimination violate Principles of Fairness? Should the State intervene in the Institution of the Family?	

Course Outcomes:

By the end of the course, students will be able to:

1. Differentiate between politics, political science, and political theory, and understand their interrelationships.
2. Define and explain the meaning, nature, scope, and relevance of political theory.
3. Analyze and discuss the concepts of democracy, liberty, equality, and justice, and understand their significance in political theory.
4. Describe and analyze the meaning, features, genesis, and development of citizenship, and understand the methods of acquiring and losing citizenship.
5. Identify and explain the meaning, features, and different kinds of rights, with a specific focus on human rights and the role of the United Nations.
6. Communicate effectively, both orally and in writing, about the fundamental concepts and debates in political theory, demonstrating a clear understanding of the subject matter.

U. G. SYLLABUS - NEP 2020
Political Science
 TDC (NEP) 2ndSemester
 PLS: IDC 151: INDIAN POLITICAL SYSTEM
 Full marks- 100
 (ESE- 70 Internal- 30)
 Credit-3

Course Objectives:

1. To understand the making of the Constitution of India and the significance of its salient features.
2. To analyze and understand the provisions related to the Fundamental Rights, Duties, and Directive Principles of State Policy in the Indian Constitution.
3. To examine the role, powers, and functions of the President of India, including the election process, impeachment procedure, and emergency powers.
4. To understand the appointment process and role of the Prime Minister of India, as well as the composition, powers, and functions of the Union Council of Ministers.
5. To study the composition, powers, and functions of the Parliament of India, including the relationship between the Lok Sabha and the Rajya Sabha, and the parliamentary control over the Executive.
6. To explore the structure of the judiciary in India and understand the composition and jurisdiction of the Supreme Court, as well as the concept of judicial review.

Units	Topics	Lectures
1	Constitution of India: Making of the Constitution, The Preamble, Salient Features.	
2	The Fundamental Rights and Duties, Directive Principles of State Policy.	
3	Executive in India: I The President of India: Election, Impeachment Procedure, Powers and Functions, Emergency Powers.	
4	Executive in India: II The Prime Minister: Appointment and Role of the Prime Minister.	

	Union Council of Ministers: Composition of the Council, Powers and Functions, Relationship between the Prime Minister and Union Council of Ministers.	
5	Union Legislature: The Parliament of India: Composition, Powers and Functions, Relationship between the Lok Sabha and the Rajya Sabha, Parliamentary control over the Executive. Judiciary in India: Judicial Structure, The Supreme Court- Composition and Jurisdiction, Judicial Review.	

Course Outcomes:

By the end of the course, students will be able to:

- 1) Explain the process and significance of the making of the Constitution of India and identify its salient features.
- 2) Analyze and understand the provisions related to Fundamental Rights, Duties, and Directive Principles of State Policy in the Indian Constitution.
- 3) Evaluate and analyze the role, powers, and functions of the President of India, including the election process, impeachment procedure, and emergency powers.
- 4) Understand the appointment process and role of the Prime Minister of India and evaluate the composition, powers, and functions of the Union Council of Ministers.
- 5) Analyze and evaluate the composition, powers, and functions of the Parliament of India, including the relationship between the Lok Sabha and the Rajya Sabha, and the mechanisms of parliamentary control over the Executive.
- 6) Enhance research skills through the study of the Indian political system and engage in independent research to explore relevant topics.
- 7) Communicate effectively, both orally and in writing, about the Indian political system, demonstrating a clear understanding of the subject matter.

U. G. SYLLABUS - NEP 2020
Political Science
 TDC (NEP) 2nd Semester
PLS: SEC 151: PUBLIC OPINION AND SURVEY RESEARCH
 Full marks- 100
 (ESE- 50 Internal- 30 Project/Field work- 20)
 Credit-3

Course Objectives:

- 1) To understand the definition of public opinion, its characteristics, and its role in democratic societies.
- 2) To comprehend the concept of sampling in survey research, including its meaning, types, and the concept of sampling error.
- 3) To explore different interviewing techniques and pitfalls, as well as the meaning, merits, and demerits of questionnaires and schedules as data collection tools.
- 4) To introduce the basics of data processing and data analysis, with a focus on content analysis and discourse analysis.
- 5) To understand the concept of opinion polls, particularly exit polls, through case studies such as Lok Niti and NDTV, and evaluate their merits and demerits.

Course Outcomes for "Public Opinion and Survey Research":

Units	Topics	Lectures
1	Public Opinion: Definition, Characteristics and Its Role.	
2	Sampling: Meaning, Types, Sampling Error.	
3	Interviewing: Interview Techniques, Pitfalls; Questionnaire: Meaning, Merits and Demerits; Schedule: Meaning, Merits and Demerits.	
4	Introduction to Data Processing and Data Analysis: Content Analysis, Discourse Analysis.	
5	Understanding Opinion Polls: Exit Polls: Case Studies of Lok Niti and NDTV, Merits and Demerits.	

Course Outcomes:

By the end of the course, students will be able to:

- 1) Define public opinion and identify its characteristics, and understand its role in shaping democratic processes and decision-making.
- 2) Explain the concept of sampling in survey research, including its meaning, different types, and the factors contributing to sampling error.
- 3) Apply various interviewing techniques, identify potential pitfalls, and demonstrate proficiency in designing and utilizing questionnaires and schedules for data collection.
- 4) Understand the basics of data processing and data analysis, including content analysis and discourse analysis, and apply these methods to analyze and interpret survey data.
- 5) Critically evaluate and analyze the merits and demerits of opinion polls, particularly exit polls, through the examination of case studies such as Lok Niti and NDTV.
- 6) Apply the knowledge gained about public opinion and survey research to assess and understand public sentiment on various social, political, and economic issues.
- 7) Develop effective communication skills to present survey research findings and engage in discussions on public opinion topics.

U. G. SYLLABUS - NEP 2020

Political Science

TDC (NEP) 3rd Semester

PLS: DSC 201: COMPARATIVE GOVERNMENT AND POLITICS

Full marks- 100

(ESE- 70 Internal- 30)

Credit-4

Course Objectives:

- 1) To understand the meaning, nature, scope, evolution, and significance of comparative politics as a field of study.
- 2) To compare different types of political regimes, including authoritarian and democratic systems, as well as monarchical and republican systems.
- 3) To explore and classify political systems based on their institutional characteristics, such as parliamentary and presidential systems, and federal and unitary systems.
- 4) To analyze contemporary debates on the nature of the state, including the shift from state-centric security to human-centric security and the changing nature of the nation-state in the context of globalization.
- 5) To conduct a comparative study of the constitutional systems of Great Britain and the United States of America, examining their similarities and differences.

Units	Topics	Lectures
1	Comparative Politics: Meaning, Nature and Scope, Evolution and Significance.	
2	Comparing Regimes: Authoritarian and Democratic; Monarchy and Republic.	
3	Classifications of Political Systems: Parliamentary and Presidential; Federal and Unitary.	
4	Contemporary Debates on the Nature of State: From State Centric Security to Human Centric Security, Changing Nature of Nation-State in the Context of Globalization.	
5	A Comparative study of Constitutional Systems: The Great Britain and the United State of America.	

Course Outcomes:

By the end of the course, students will be able to:

- 1) Understand and explain the meaning, nature, scope, evolution, and significance of comparative politics as a field of study.
- 2) Compare and contrast different types of political regimes, such as authoritarian and democratic systems, and monarchical and republican systems, and evaluate their implications for governance and political dynamics.
- 3) Classify political systems based on their institutional characteristics, such as parliamentary and presidential systems, and federal and unitary systems, and analyze the strengths and weaknesses of each.
- 4) Analyze and critically evaluate contemporary debates on the nature of the state, including the shift from state-centric security to human-centric security and the impact of globalization on the nation-state.
- 5) Conduct a comparative study of the constitutional systems of Great Britain and the United States of America, and identify and analyze the similarities and differences between their political institutions and processes.
- 6) Apply comparative methods and approaches to analyze and understand political systems and dynamics in different countries.
- 7) Apply comparative knowledge and understanding to analyze and evaluate political issues and challenges in a global context.

U. G. SYLLABUS - NEP 2020
Political Science
 TDC (NEP) 3rd Semester
 PLS: DSC 202: INTERNATIONAL RELATIONS
 Full marks- 100
 (ESE- 70 Internal- 30)
 Credit-4

Course Objectives:

1. To understand the meaning, nature, and scope of international relations as a field of study.
2. To examine the history of international relations, including the emergence of the international state system and the impact of the Westphalia Treaty of 1648.
3. To analyze the causes and consequences of World War I, the significance of the Bolshevik Revolution, the Treaty of Versailles, and collective security measures.
4. To explore the rise of fascism and Nazism, the causes and consequences of World War II, and the disarmament efforts under the United Nations Organization (UNO).
5. To study the origin, characteristics, causes, and consequences of the Cold War, the emergence of the Third World, and the collapse of the USSR leading to the end of the Cold War.
6. To analyze post-Cold War developments, particularly the emergence of China and India as leading powers.

Units	Topics	Lectures
1	Understanding International Relations: Meaning, Nature and Scope; History of International Relations- Emergence of the International State System; Impact of Westphalia Treaty, 1648 on the emergence of Modern State System.	
2	World War I- Causes and Consequences; Significance of the Bolshevik Revolution, 1917; The Treaty of Versailles, 1919; Collective Security Measures.	
3	Rise of Fascism and Nazism; World War II- Causes and Consequences; Disarmament efforts under the UNO.	
	Cold War- Origin, Characteristics, Causes and Consequences; Emergence of the Third World;	

4	Collapse of the USSR and the End of the Cold War.	
5	Post-Cold War Developments: Emergence of China and India as Leading Powers.	

Course Outcomes:

By the end of the course, students will be able to:

1. Understand and explain the meaning, nature, and scope of international relations as a field of study.
2. Analyze the historical development of international relations, including the emergence of the international state system and the impact of the Westphalia Treaty.
3. Evaluate the causes and consequences of World War I, the significance of the Bolshevik Revolution, the Treaty of Versailles, and collective security measures.
4. Analyze the rise of fascism and Nazism, the causes and consequences of World War II, and the disarmament efforts under the UNO.
5. Understand and analyze the origin, characteristics, causes, and consequences of the Cold War, and its impact on the international system.
6. Evaluate the emergence of the Third World and analyze the factors contributing to the collapse of the USSR and the end of the Cold War.
7. Develop critical thinking and analytical skills to evaluate and interpret international relations theories and arguments.
8. Apply international relations knowledge and understanding to analyze and evaluate global issues and challenges.

U. G. SYLLABUS - NEP 2020

Political Science

TDC (NEP) 3rd Semester

PLS: IDC 201: INTRODUCTION TO INTERNATIONAL RELATIONS

Full marks- 100

(ESE- 70 Internal- 30)

Credit-3

Course Objectives:

1. To understand the meaning, subject matter, and scope of international relations as a field of study, and the growth of international relations as an academic discipline.
2. To examine the concept of national capability, including its components and limitations.
3. To study the League of Nations and collective security, as well as the United Nations Organization and its Security Council.
4. To understand foreign policy, including its meaning, definition, objectives, and the determinants that shape it.
5. To analyze the Cold War, including its definition, origin, characteristics, causes, consequences, and the factors leading to its end.

Units	Topics	Lectures
1	International Relations: Meaning, Subject matter and Scope of International Relations, Growth of International Relations as a Field of Study, Utility of the Study of International Relations.	
2	National Capability: Components and Limitations of National Capability.	
3	League of Nations and Collective Security. The United Nations Organization and its Security Council.	
4	Foreign Policy: Meaning, Definition and Objectives of Foreign Policy; Determinants of Foreign Policy.	
5	Cold War: Definition, Origin, Characteristics, Causes and Consequences, End of the Cold War.	

Course Outcomes:

By the end of the course, students will be able to:

1. Understand and explain the meaning, subject matter, and scope of international relations as a field of study, and appreciate its relevance in the contemporary global context.
2. Analyze and evaluate the components and limitations of national capability, and understand their significance in international relations.
3. Evaluate the League of Nations and collective security, and understand the structure and role of the United Nations Organization and its Security Council in maintaining international peace and security.
4. Analyze and evaluate foreign policy, including its meaning, objectives, and the determinants that influence it, and understand the complexities and challenges in shaping foreign policy decisions.
5. Understand the concept of the Cold War, its origin, characteristics, causes, and consequences, and evaluate the factors leading to its end.
6. Apply theoretical perspectives and concepts of international relations to analyze and understand global events, dynamics, and interactions.
7. Develop critical thinking and analytical skills to evaluate and interpret international relations theories and arguments.
8. Apply international relations knowledge and understanding to analyze and evaluate global issues, conflicts, and cooperation.

U. G. SYLLABUS - NEP 2020

Political Science

TDC (NEP) 3rd Semester

PLS: SEC 201: DEMOCRATIC AWARENESS & LEGAL LITERACY

Full marks- 100

(ESE- 50 Internal- 30 Project/Field work- 20)

Credit-3

Course Objectives:

1. To create awareness and understanding of the Constitution of India, with a focus on fundamental rights, fundamental duties, and the significance of public interest litigation.
2. To familiarize students with the structure and jurisdiction of courts and tribunals in India, and their role in administering justice. This includes specialized courts such as juvenile courts and Mahila courts.
3. To provide knowledge of laws relating to criminal jurisdiction, including provisions related to filing an FIR, arrest, bail, and the juvenile justice system.
4. To understand and analyze laws pertaining to offenses against women, such as sexual harassment at the workplace, dowry, and domestic violence.
5. To explore laws related to consumer rights, the right to information (RTI), and cyber crimes.

Units	Topics	Lectures
1	Constitution – Fundamental Rights, Fundamental Duties, Public Interest Litigation.	
2	Structure and Jurisdiction of Courts/Tribunals and their Jurisdiction in India, Specialized Courts: Juvenile Courts, Mahila Courts.	
3	Laws Relating to Criminal Jurisdiction: Provision Relating to Filing an FIR, Arrest, Bail, Juvenile Justice.	
4	Laws relating to offences against women: Sexual Harassment at Workplace, Dowry, Domestic Violence.	
5	Laws Relating to Consumer Rights, Right to Information (RTI), Cyber Crimes.	

Course Outcomes:

By the end of the course, students will be able to:

1. Demonstrate awareness and understanding of the Constitution of India, including fundamental rights, fundamental duties, and the significance of public interest litigation in safeguarding democratic values.
2. Identify and understand the structure and jurisdiction of courts and tribunals in India, and appreciate their role in the administration of justice.
3. Explain the laws and procedures related to criminal jurisdiction, including filing an FIR, arrest, bail, and the functioning of the juvenile justice system.
4. Analyze and evaluate laws pertaining to offenses against women, such as sexual harassment at the workplace, dowry, and domestic violence, and understand the legal remedies available.
5. Demonstrate knowledge and understanding of laws related to consumer rights, the right to information (RTI), and cyber crimes, and understand their implications in protecting individual rights and ensuring accountability.
6. Apply legal literacy and democratic awareness to analyze and understand contemporary legal issues and challenges.
7. Recognize and appreciate the importance of legal literacy and democratic values in promoting justice, equality, and human rights in society.

 PLS: DSC 251: WORLD CONSTITUTIONS
 Full marks- 100
 (ESE- 70 Internal- 30)
 Credit-4

Course Objectives:

1. To study the characteristics of the constitution of the United Kingdom, including the role of the Crown, the Prime Minister, and the Parliament.
2. To understand the basic features of the constitution of the United States of America, including the role of the President, the Congress, and the Supreme Court.
3. To examine the salient features of the constitution of Switzerland, including direct democracy, the federal executive, and the federal legislature.
4. To analyze the basic characteristics of the constitution of the People's Republic of China, including the role of the National People's Congress, the Standing Committee, the State Council, and the Communist Party.
5. To compare and contrast the political systems of the United Kingdom, the United States of America, Switzerland, and the People's Republic of China.

Units	Topics	Lectures
1	The United Kingdom: Characteristics of the Constitution- the Crown-the Prime Minister and the Parliament.	
2	The United States of America: Basic features of the Constitution-the President-the Congress and the Supreme Court.	
3	Switzerland: Salient features of the Constitution- Direct Democracy- Federal Executive- Federal Legislature.	
4	People's Republic of China: Basic Characteristics of the Constitution- National People's Congress- Standing Committee- State Council and the Communist Party.	
5	Comparison between the political systems of the UK, the USA, Switzerland and People's Republic of China.	

Course Outcomes:

By the end of the course, students will be able to:

1. Describe and explain the characteristics of the constitution of the United Kingdom, including the role and functioning of the Crown, the Prime Minister, and the Parliament.
2. Identify and discuss the basic features of the constitution of the United States of America, including the role and functioning of the President, the Congress, and the Supreme Court.
3. Analyze and evaluate the salient features of the constitution of Switzerland, including direct democracy, the federal executive, and the federal legislature.
4. Understand and analyze the basic characteristics of the constitution of the People's Republic of China, including the role and functioning of the National People's Congress, the Standing Committee, the State Council, and the Communist Party.
5. Compare and contrast the political systems of the United Kingdom, the United States of America, Switzerland, and the People's Republic of China, identifying similarities, differences, strengths, and weaknesses.
6. Apply knowledge of world constitutions to analyze and understand the functioning of different political systems and institutions.
7. Develop critical thinking skills to evaluate and compare constitutional arrangements and their impact on governance and democracy.
8. Recognize and appreciate the diversity of constitutional systems and their influence on global politics and governance.

TDC (NEP) 4th Semester

PLS: DSC 252: INTRODUCTION TO INTERNATIONAL POLITICS

Full marks- 100

(ESE- 70 Internal- 30)

Credit-4

Course Objectives:

1. To understand the meaning, nature, and scope of international politics, including its evolution and the emergence of non-state actors in global affairs.
2. To explore different approaches to the study of international politics, including classical realism, neo-realism, liberalism, and neo-liberalism.
3. To examine structural approaches to international politics, such as world system theory and dependency theory.
4. To analyze India's foreign policy objectives and the basic determinants that shape its foreign policy, including historical, geo-political, economic, domestic, and strategic factors.
5. To study India's foreign policy initiatives, focusing on non-alignment and India's neighborhood policy.

Units	Topics	Lectures
1	International Politics: Meaning, Nature and Scope, Evolution. Emergence of Non-State Actors.	
2	Approaches to Study International Politics: i. Classical Realism (Hans Morgenthau) and Neo-Realism (Kenneth Waltz) ii. Liberalism and Neo-Liberalism.	
3	Structural Approaches: i. World System Theory (Immanuel Wallerstein) ii. Dependency Theory (Andre Gunder Frank).	
4	India's Foreign Policy: Objectives of India's Foreign Policy, Basic Determinants (Historical, Geo-Political, Economic, Domestic and Strategic), Foreign Policy Making Process in India.	

5	India's Foreign Policy Initiatives: i. Non-alignment ii. India's Neighbourhood Policy	
---	---	--

Course Outcomes:

By the end of the course, students will be able to:

1. Explain the meaning, nature, and scope of international politics, and identify the role of non-state actors in shaping global affairs.
2. Analyze and compare different theoretical approaches to the study of international politics, including classical realism, neo-realism, liberalism, and neo-liberalism.
3. Understand and critically evaluate structural approaches to international politics, such as world system theory and dependency theory.
4. Analyze India's foreign policy objectives and demonstrate an understanding of the various determinants that influence India's foreign policy decisions.
5. Evaluate and discuss India's foreign policy initiatives, including non-alignment and India's neighborhood policy, and analyze their significance in India's global engagement.
6. Apply theoretical perspectives and concepts of international politics to analyze and understand global events, dynamics, and interactions.
7. Apply international politics knowledge and understanding to analyze and evaluate global issues, conflicts, and cooperation.

Political Science
 TDC (NEP) 4th Semester
 PLS: DSC 253: INDIAN POLITICAL THOUGHT I
 Full marks- 100
 (ESE- 70 Internal- 30)
 Credit-4

Course Objectives:

1. To explore the traditions of Indian political thought, including Brahmanism, Shramanic traditions, Islamic thought, and Sufism.
2. To study the contributions of Veda Vyasa, focusing on the Bhagavad Gita and its teachings on Karma Yoga, and the Shanti Parva and its discussions on Rajdharma.
3. To analyze the political ideas and theories of Manu, including his social laws, and Kautilya, with a focus on his theory of the state and foreign policy.
4. To examine the political philosophy of Zia Barani, including his concept of an ideal sultan and ideal state.
5. To study the political ideas of Abul Fazal, particularly on monarchy, and Kabir's teachings on syncretism.

Units	Topics	Lectures
1	Traditions of Indian Political Thought: i. Brahmanism and Shramanic. ii. Islamic and Sufism.	
2	Veda Vyasa: i. Bhagavad Gita: Karma Yoga; ii. Shanti Parva: Rajdharma.	
3	Manu: Social Laws. Kautilya: Theory of State, Foreign Policy.	
4	Zia Barani: Political Philosophy- Ideal Sultan, Ideal State.	
5	Abul Fazal: Monarchy. Kabir: Syncretism.	

Course Outcomes:

By the end of the course, students will be able to:

1. Identify and discuss the different traditions of Indian political thought, including Brahmanism, Shramanic traditions, Islamic thought, and Sufism.
2. Analyze and interpret the teachings of Veda Vyasa, particularly in the Bhagavad Gita and the Shanti Parva, and understand their relevance to political thought.
3. Understand and evaluate the political ideas and theories of Manu, including his social laws, and Kautilya, focusing on his theory of the state and foreign policy.
4. Analyze the political philosophy of Zia Barani, including his concept of an ideal sultan and ideal state, and assess its significance in the context of Indian political thought.
5. Examine the political ideas of Abul Fazal, particularly on monarchy, and Kabir's teachings on syncretism, and evaluate their contributions to Indian political thought.
6. Recognize and appreciate the diversity and richness of Indian political thought traditions.
7. Apply knowledge of Indian political thought to analyze and evaluate political systems and practices in India.

Political Science

TDC (NEP) 4th Semester

PLS: DSM 251: INDIAN POLITICAL SYSTEM

Full marks- 100

(ESE- 70 Internal- 30)

Credit-3

Course Objectives:

1. To understand the making of the Indian Constitution, including its salient features and underlying philosophy.
2. To explore the fundamental rights and duties enshrined in the Indian Constitution, as well as the directive principles of state policy.
3. To examine the nature of federalism in India, including the dynamics of Union-State relations, and the recommendations of the Sarkaria Commission and the Punchhi Commission.
4. To study the executive branch of the Indian political system, including the election and impeachment procedure of the President, the appointment and role of the Prime Minister, and the composition and functions of the Union Council of Ministers.
5. To analyze the legislature in India, focusing on the composition, powers, and functions of the Parliament, and the interrelation between the Lok Sabha and the Rajya Sabha. Additionally, to study the composition and jurisdiction of the Supreme Court, and its role in judicial review and judicial activism.
6. To examine political institutions at the local level, including the Panchayati Raj Institution and urban local bodies. Also, to discuss the administration of Dima Hasao and Karbi Anglong districts in the context of the 6th Schedule.

Units	Topics	Lectures
1	Making of the Indian Constitution, Salient Features and Philosophy of the Constitution. Fundamental Rights and Duties, Directive Principles of State Policy.	
2	Federalism: Nature of Federalism, Union-State Relations, Sarkaria Commission and Punchhi Commission.	
3	The Executive: President- Election, Impeachment Procedure, Powers and Functions. Prime Minister- Appointment and Role and Functions.	

	Union Council of Ministers- Composition, Powers and Functions.	
4	The Legislature: Parliament- Composition, Powers and Functions, Relations between the Lok Sabha and the Rajya Sabha. The Judiciary: The Supreme Court- Composition and Jurisdiction, Judicial Review and Judicial Activism.	
5	Political Institutions at the Local Level: Panchayati Raj Institution and Urban Local Bodies. Discussion on 6th Schedule with reference to Administration of Dima Hasao and Karbi Anglong districts of Assam.	

Course Outcomes:

By the end of the course, students will be able to:

1. Explain the process of making the Indian Constitution and identify its salient features and underlying philosophy.
2. Understand and interpret the fundamental rights and duties, as well as the directive principles of state policy, enshrined in the Indian Constitution.
3. Evaluate the nature of federalism in India and analyze the dynamics of Union-State relations, considering the recommendations of the Sarkaria Commission and the Punchhi Commission.
4. Describe and analyze the executive branch of the Indian political system, including the election and impeachment procedure of the President, the role and functions of the Prime Minister, and the composition and functions of the Union Council of Ministers.
5. Analyze the composition, powers, and functions of the Parliament, as well as the relationship between the Lok Sabha and the Rajya Sabha. Understand the composition and jurisdiction of the Supreme Court, and its role in judicial review and judicial activism.
6. Recognize and appreciate the complexity and dynamics of the Indian political system, and its significance in shaping governance and politics in India.

PLS: DSC 301: PERSPECTIVES ON PUBLIC ADMINISTRATION

Full marks- 100

(ESE- 70 Internal- 30)

Credit-4

Course Objectives:

1. To understand the meaning, scope, evolution, and significance of public administration as a discipline, and its distinction from private administration.
2. To study and analyze classical administrative theories, including the contributions of Henry Fayol, F. W. Taylor, and Max Weber.
3. To explore and evaluate modern administrative theories, including the human relations theory of Elton Mayo, the decision-making theory of Herbert Simon, and the ecological approach of Fred W. Riggs.
4. To examine different models of public policy, including the incremental model with its associated theories such as elite theory, group theory, and institutional theory. Also, to analyze the rational policy-making model.
5. To explore major approaches to the study of public administration, focusing on the origins, features, and criticisms of the New Public Administration and the evolution, principles, characteristics, and critical appreciation of the New Public Management.

Units	Topics	Lectures
1	Public Administration as a Discipline: Meaning, Scope, Evolution and Significance of the Discipline, Public and Private Administration.	
2	Administrative Theories: I Classical Theory of Henry Fayol; Scientific Management Theory of F. W. Taylor; Bureaucratic Theory of Max Weber.	
3	Administrative Theories: II Human Relations Theory of Elton Mayo; Decision-Making Theory of Herbert Simon; Ecological Approach of Fred W Riggs.	

4	Models of Public Policy: Incremental Model- Elite Theory, Group Theory, Institutional Theory. Rational Policy Making Model.	
5	Major Approaches to Study Public Administration: New Public Administration: Origin, Features and Criticisms. New Public Management: Evolution, Principles, Characteristics and Critical Appreciation.	

Course Outcomes:

By the end of the course, students will be able to:

1. Define and explain the meaning, scope, evolution, and significance of public administration as a distinct discipline, and distinguish it from private administration.
2. Evaluate and analyze classical administrative theories, including the principles and contributions of Henry Fayol, F. W. Taylor, and Max Weber.
3. Evaluate and analyze modern administrative theories, including the human relations theory of Elton Mayo, the decision-making theory of Herbert Simon, and the ecological approach of Fred W. Riggs.
4. Analyze and compare different models of public policy, including the incremental model and its associated theories (elite theory, group theory, institutional theory), as well as the rational policy-making model.
5. Understand and critically evaluate the New Public Administration approach, including its origins, features, and criticisms. Similarly, understand and critically appreciate the New Public Management approach, including its evolution, principles, characteristics, and criticisms.
6. Apply knowledge of perspectives on public administration to analyze and evaluate administrative challenges and reforms in public organizations.

PLS: DSC 303: INDIAN POLITICAL THOUGHT II

Full marks- 100

(ESE- 70 Internal- 30)

Credit- 4

Course Objectives:

1. To introduce students to the socio-religious reform movements in India and their role in shaping Indian political thought, with a focus on the Brahma Samaj, Prarthana Samaj, Arya Samaj, and Satya Shodhak Samaj.
2. To analyze the political ideas and contributions of key Indian thinkers, including Ram Mohan Roy, Rabindranath Tagore, and Swami Vivekananda.
3. To examine the perspectives and contributions of prominent women thinkers in Indian political thought, such as Pandita Ramabai and Sabitribai Phule, on gender equality, civil rights, education, and critique of the caste system.
4. To study the political ideas and philosophies of Mohandas Karamchand Gandhi, Bhim Rao Ambedkar, and Vinayak Damodar Savarkar, focusing on the idea of Swaraj, social justice, and Hindutva, respectively.
5. To explore the political ideas of Sir Syed Ahmed Khan, Jawaharlal Nehru, and Ram Manohar Lohia, including modern education and social reforms, democratic socialism, and ideas of socialism.

Units	Topics	Lectures
1	Introduction to Indian Political Thought: Socio-Religious Reform Movements: Role of Brahma Samaj, Prarthana Samaj, Arya Samaj, Satya Shodhak Samaj.	
2	Ram Mohan Roy (1772- 1833): Rights. Rabindranath Tagore (1861- 1941): Critique of Nationalism. Swami Vivekananda (1863- 1902): Ideal Society.	
3	Pandita Ramabai (1858-1922): On Gender Equality and Civil Rights, Critique on Patriarchy. Sabitribai Phule (1831- 1897): On Education, Critique of Caste System.	

4	Mohandas Karamchand Gandhi (1869- 1948): Idea of Swaraj. Bhim Rao Ambedkar (1891-1956): Social justice. Vinayak Damodar Savarkar (1883- 1966): Hindutva.	
5	Sir Syed Ahmed Khan (1817- 1898): Modern Education and Social Reforms. Jawaharlal Nehru (1889- 1964): Democratic Socialism and Secularism. Ram Manohar Lohia (1910- 1967): Ideas of Socialism.	

Course Outcomes:

By the end of the course, students will be able to:

1. Understand and analyze the socio-religious reform movements in India and their impact on Indian political thought.
2. Evaluate and critically analyze the political ideas and perspectives of Ram Mohan Roy, Rabindranath Tagore, and Swami Vivekananda.
3. Analyze and evaluate the contributions of Pandita Ramabai and Sabitribai Phule on gender equality, civil rights, education, and critique of the caste system.
4. Examine and critically evaluate the political ideas of Mohandas Karamchand Gandhi, Bhim Rao Ambedkar, and Vinayak Damodar Savarkar on Swaraj, social justice, and Hindutva.
5. Evaluate and analyze the political ideas of Sir Syed Ahmed Khan, Jawaharlal Nehru, and Ram Manohar Lohia on modern education and social reforms, democratic socialism, and socialism.
6. Apply knowledge of Indian political thought to analyze and evaluate contemporary political issues and challenges in India.

U. G. SYLLABUS - NEP 2020

Political Science

TDC (NEP) 5th Semester

PLS: DSM 301: PERSPECTIVES ON PUBLIC ADMINISTRATION

Full marks- 100

(ESE- 70 Internal- 30)

Credit- 3

Course Objectives:

1. To introduce students to the field of public administration as a discipline, including its meaning, scope, evolution, and significance.
2. To familiarize students with the key administrative theories, including the classical theory of Henry Fayol, the scientific management theory of F. W. Taylor, and the bureaucratic theory of Max Weber.
3. To explore additional administrative theories, including the human relations theory of Elton Mayo, the decision-making theory of Herbert Simon, and the ecological approach of Fred W. Riggs.
4. To examine different models of public policy, including the incremental model and its associated theories (elite theory, group theory, institutional theory), as well as the rational policy-making model.
5. To introduce students to major approaches in the study of public administration, including the New Public Administration and New Public Management, their origins, features, criticisms, evolution, principles, characteristics, and critical appreciation.

Units	Topics	Lectures
1	Public Administration as a Discipline: Meaning, Scope, Evolution and Significance of the Discipline, Public and Private Administration.	
2	Administrative Theories: I Classical Theory of Henry Fayol; Scientific Management Theory of F. W. Taylor; Bureaucratic Theory of Max Weber.	
3	Administrative Theories: II Human Relations Theory of Elton Mayo; Decision-Making of Herbert Simon; Ecological Approach of Fred W Riggs.	

4	Models of Public Policy: Incremental Model- Elite Theory, Group Theory, Institutional Theory. Rational Policy Making Model.	
5	Major Approaches to Study Public Administration: New Public Administration: Origin, Features and Criticisms. New Public Management: Evolution, Principles, Characteristics and Critical Appreciation.	

Course Outcomes:

By the end of the course, students will be able to:

1. Understand the nature, scope, evolution, and significance of public administration as a discipline.
2. Evaluate and analyze the classical administrative theories of Henry Fayol, F. W. Taylor, and Max Weber.
3. Evaluate and analyze additional administrative theories, including the human relations theory of Elton Mayo, the decision-making theory of Herbert Simon, and the ecological approach of Fred W. Riggs.
4. Understand and analyze different models of public policy, including the incremental model and its associated theories, as well as the rational policy-making model.
5. Analyze and evaluate the New Public Administration approach, including its origins, features, and criticisms.
6. Develop critical thinking and analytical skills to evaluate and interpret different perspectives on public administration and their implications for effective governance.
7. Recognize and appreciate the complexity and diversity of public administration as a field of study and practice.

U. G. SYLLABUS – NEP 2020
Political Science
 TDC (NEP) 6th Semester
 PLS: DSC 351: WESTERN POLITICAL THOUGHT II
 Full marks- 100
 (ESE- 70 Internal- 30)
 Credit- 4

Course Objectives:

1. To study the political ideas and theories of influential Western political thinkers, including Jean-Jacques Rousseau, Mary Wollstonecraft, John Stuart Mill, Karl Marx, and Antonio Gramsci.
2. To understand the concepts and contributions of Jean-Jacques Rousseau, including the ideas of general will, direct democracy, and the origin of inequality.
3. To analyze the works of Mary Wollstonecraft, focusing on her views on women and paternalism, her critique of Rousseau's idea of education, and her advocacy for legal rights.
4. To examine the political philosophy of John Stuart Mill, including his theories on liberty, representative government, suffrage, the subjection of women, and the rights of minorities.
5. To explore the key ideas of Karl Marx, including dialectical materialism, historical materialism, the concept of class struggle, and the notion of the dictatorship of the proletariat.
6. To study the political thought of Antonio Gramsci, focusing on his concepts of state and civil society, the idea of hegemony, and the role of intellectuals.

Units	Topics	Lectures
1	Jean Jacque Rousseau (1712- 1778): The Concepts of General Will and Direct Democracy, Origin of Inequality and Self-Government.	
2	Mary Wollstonecraft (1759- 1797): Women and Paternalism, Critique of Rousseau’s Idea of Education, Legal Rights.	

3	John Stuart Mill (1806- 1873): Liberty, Representative Government, Suffrage and Subjection of Women, Right of Minorities.	
4	Karl Marx (1818-1838): Dialectical Materialism, Historical Materialism, Class Struggle, Dictatorship of Proletariat.	
5	Antonio Gramsci (1891-1937): State and Civil Society, Concept of Hegemony and Role of Intellectuals.	

Course Outcomes:

By the end of the course, students will be able to:

1. Demonstrate an understanding of the political ideas and theories of Jean-Jacques Rousseau, Mary Wollstonecraft, John Stuart Mill, Karl Marx, and Antonio Gramsci.
2. Analyze and critically evaluate the concepts of general will, direct democracy, and the origin of inequality as proposed by Rousseau.
3. Critically assess Mary Wollstonecraft's views on women's rights, paternalism, and her critique of Rousseau's approach to education.
4. Analyze and evaluate John Stuart Mill's theories on liberty, representative government, suffrage, and the rights of minorities.
5. Understand and assess Karl Marx's concepts of dialectical materialism, historical materialism, class struggle, and the dictatorship of the proletariat.
6. Analyze and evaluate Antonio Gramsci's ideas on the state, civil society, hegemony, and the role of intellectuals.
7. Demonstrate effective written and oral communication skills in presenting arguments and analyses related to Western political thought.

PLS: DSC 352: INTERNATIONAL LAW AND ORGANISATIONS

Full marks- 100

(ESE- 70 Internal- 30)

Credit-4

Course Objectives:

1. To introduce students to the concept, nature, and scope of international law, including its sources and the relationship between international law and municipal law.
2. To explore theories and types of recognition in international law and understand the rights and privileges of diplomatic staff in diplomatic relations.
3. To examine the principles of jurisdiction, including territorial jurisdiction, jurisdiction over seas, and jurisdiction in space, as well as grounds for international intervention.
4. To provide an overview of the United Nations Organization, its objectives, principles, and the UN Charter, and to understand the structure and role of its principal organs.
5. To familiarize students with key regional organizations, such as SAARC, ASEAN, NAM, and EU, and their objectives, principles, and functions

Units	Topics	Lectures
1	International Law- Definition, Nature and Scope, Sources of International Law, Relations between International Law and Municipal Law.	
2	Recognition- Theories and Types of Recognition. Diplomatic Relations- Kinds of Rights and Privileges of Diplomatic Staff.	
3	Jurisdiction- Territory, Seas, Space. International Intervention- Grounds of Intervention.	
4	The United Nations Organization- Objectives and Principles, UN Charter,	

	Organization- Principal Organs, Role of the UNO.	
5	The Regional Organizations- SAARC, ASEAN, NAM, EU.	

Course Outcomes:

By the end of the course, students will be able to:

1. Understand the nature and significance of international law, its sources, and its relationship with domestic laws.
2. Evaluate and analyze theories and types of recognition in international law and comprehend the rights and privileges of diplomatic staff.
3. Explain the principles of jurisdiction and apply them to different contexts, including territorial jurisdiction, jurisdiction over seas, and jurisdiction in space.
4. Assess the grounds for international intervention and evaluate the ethical and legal implications of such interventions.
5. Comprehend the objectives, principles, and functioning of the United Nations Organization and its principal organs.
6. Analyze and compare regional organizations, including their objectives, principles, and contributions to regional cooperation and integration.

14. Apply the principles of international law to analyze and interpret specific cases and scenarios.
15. Develop research and analytical skills to study and interpret international legal documents and resolutions.

U. G. SYLLABUS – NEP 2020

Political ScienceTDC (NEP) 6th Semester**PLS: DSC 353: POLITICAL PROCESSES AND INSTITUTIONS IN COMPARATIVE PERSPECTIVE**

Full marks- 100

(ESE- 70 Internal- 30)

Credit- 4

Course Objectives:

1. To introduce students to the field of comparative politics, its definition, nature, and scope, and the reasons for comparing political institutions across different countries.
2. To provide an understanding of electoral systems, including their definition, procedures, and various types such as first past the post system, proportional representation, and mixed representation.
3. To explore the concept of party systems, including their historical background and different types of party systems.
4. To examine the emergence and characteristics of modern nation-states, including the elements that define a nation-state in the contemporary world.
5. To analyze the concept of federalism, its historical context, and different models of federation and confederation.

Units	Topics	Lectures
1	Comparative Politics: Definition, Nature and Scope; Reasons, Types and Problems of Comparing Political Institutions.	
2	Electoral System: Definition and Procedures; Types of Election system- First Past the Post System, Proportional Representation and Mixed Representation.	
3	Party System: Historical Background and Types.	
4	Nation- State: Emergence of Modern Nation- State, Elements of Modern Nation-State.	
5	Federalism: Historical Context of Federation and Confederation: Models of Federation.	

Course Outcomes:

By the end of the course, students will be able to:

1. Understand the field of comparative politics and its significance in analyzing political institutions across different countries.
2. Describe and explain the characteristics, procedures, and functioning of different electoral systems.
3. Analyze the historical background and types of party systems and evaluate their impact on the political dynamics of different countries.
4. Evaluate the emergence and features of modern nation-states and understand the elements that define a nation-state in the contemporary context.
5. Compare and contrast different models of federalism and confederation and analyze their strengths and weaknesses.
6. Apply comparative perspectives to analyze and interpret political processes and institutions in different countries.
7. Develop effective communication skills to present comparative analyses of political processes and institutions.

U. G. SYLLABUS – NEP 2020
Political Science
 TDC (NEP) 6th Semester
 PLS: DSC 354: GLOBAL POLITICS
 Full marks- 100
 (ESE- 70 Internal- 30)
 Credit- 4

Course Objectives:

1. To introduce students to the concept of globalization and its impacts on politics, particularly in relation to the concepts of state and sovereignty.
2. To explore the significance of the global economy and its connection to politics, including an understanding of the Bretton Woods Institutions such as the IMF, World Bank, and GATT (WTO).
3. To examine key international environmental agreements, such as the Rio Conventions and the Paris Agreement, and understand the challenges and opportunities in addressing global environmental issues. Additionally, to study the proliferation of nuclear weapons and the role of international agreements like the NPT and CTBT in nuclear disarmament.
4. To analyze the role of non-state actors in global politics, including their definition, types, and influence on international relations.
5. To study international migration as a significant aspect of global politics, focusing on its impact on human security, soft power, and the role of remittances.

Units	Topics	Lectures
1	Globalization and Its Impacts on Politics: State and Sovereignty.	
2	Global Economy: Its Significance. The Bretton Woods Institutions: IMF, World Bank, GATT (WTO).	
3	International Environmental Agreements: Rio Conventions (1992), Paris Agreement (2015) Proliferation of Nuclear Weapons: NPT, CTBT.	

4	International Actors: Non-State Actors, Meaning, Definition and Types.	
5	International Migration: Human Security, Soft Power and remittance.	

Course Outcomes:

By the end of the course, students will be able to:

1. Understand the concept of globalization and its implications for statehood and sovereignty.
2. Analyze the relationship between the global economy and politics, and the role of international economic institutions in shaping global governance.
3. Evaluate and discuss international environmental agreements and their effectiveness in addressing global environmental challenges.
4. Understand the key international agreements related to nuclear weapons and critically assess their impact on disarmament efforts.
5. Identify and analyze the role of non-state actors in global politics, and their influence on decision-making processes and global governance.
6. Apply global political concepts and theories to real-world scenarios and case studies, demonstrating a deeper understanding of global politics and its implications.

Political ScienceTDC (NEP) 6th Semester

PLS: DSM 351: COMPARATIVE GOVERNMENT AND POLITICS

Full marks- 100

(ESE- 70 Internal- 30)

Credit- 4

Course Objectives:

1. To introduce students to the field of comparative politics and provide an understanding of its meaning, nature, scope, evolution, and significance as a subfield of political science.
2. To compare different political regimes, including authoritarian and democratic systems, as well as different forms of government such as monarchy and republic, in order to identify their characteristics, strengths, and weaknesses.
3. To explore and analyze the classifications of political systems, such as parliamentary and presidential systems, federal and unitary systems, and understand their implications for governance, representation, and decision-making.
4. To engage in contemporary debates surrounding the nature of the state, particularly focusing on the shift from state-centric security to human-centric security, and the changing dynamics of the nation-state in the context of globalization.
5. To conduct a comparative study of constitutional systems, specifically examining the political systems of Great Britain and the United States of America, and understanding their similarities, differences, and the impact of their constitutional frameworks on governance and political processes.

Units	Topics	Lectures
1	Comparative Politics: Meaning, Nature and Scope, Evolution and Significance.	
2	Comparing Regimes: Authoritarian and Democratic; Monarchy and Republic.	
3	Classifications of Political Systems: Parliamentary and Presidential; Federal and Unitary.	

4	Contemporary Debates on the Nature of State: From State Centric Security to Human Centric Security, Changing Nature of Nation-State in the Context of Globalization.	
5	A Comparative study of Constitutional Systems: The Great Britain and the United State of America.	

Course Outcomes:

By the end of the course, students will be able to:

1. Demonstrate a comprehensive understanding of the field of comparative politics, its evolution, and its significance in studying political systems.
2. Compare and contrast different political regimes, including authoritarian and democratic systems, and analyze their key characteristics, structures, and functions.
3. Analyze and evaluate different classifications of political systems, such as parliamentary and presidential systems, federal and unitary systems, and understand their impact on governance and decision-making.
4. Critically engage with contemporary debates on the nature of the state, including the shift towards human-centric security and the challenges posed by globalization to the nation-state.
5. Conduct a comparative analysis of constitutional systems, focusing on the political systems of Great Britain and the United States, and assess the strengths and weaknesses of their constitutional frameworks.
6. Apply comparative analytical frameworks and methodologies to analyze and interpret political systems and processes across different countries.
7. Develop a deeper appreciation for the diversity of political systems and gain a broader perspective on global governance and political dynamics.

Course Objectives:

1. To provide students with a comprehensive understanding of public policy, including its definition, characteristics, and different models used for policy analysis.
2. To examine the public policy process in India, including the stages of policy formulation, implementation, and evaluation, and the key actors and institutions involved.
3. To explore the concept of decentralization in governance and its significance in promoting effective and responsive public administration. This includes an examination of different types of decentralization and a focus on local self-government in rural and urban areas.
4. To introduce students to the concept of budgeting, its significance in public administration, and various approaches and types of budgeting. This includes an in-depth study of the budget-making process in India.
5. To analyze the interface between citizens and administration in India, with a specific focus on the Right to Public Service Act and mechanisms for redressing public grievances such as Lokpal and Lok Ayukta.
6. To examine social welfare policies in India, including the Right to Education, National Health Mission, Right to Food Security, and Mahatma Gandhi National Rural Employment Guarantee Act (MGNREGA). This includes understanding the objectives, implementation, and impact of these policies.
7. To develop research and analytical skills through the study of real-life case studies, policy analysis, and the evaluation of policy outcomes in India.

Units	Topics	Lectures
1	Public Policy: Definition, Characteristics and Models. Public Policy Process in India.	

2	Decentralization: Meaning, Significance and Types. Local Self Government- Rural and Urban.	
3	Budget: Concept and Significance of Budget. Various Approaches and Types of Budgeting. Budget Making in India.	
4	Citizen and Administration Interface: Right to Public Service Act. Redressal of Public Grievances- Lokpal and Lok Ayukta.	
5	Social Welfare Policies: Education- Right to Education. Health- National Health Mission. Food- Right to Food Security. Employment- MGNREGA.	

Course Outcomes:

By the end of the course, students will be able to:

1. Understand the key concepts, theories, and models related to public policy and their relevance in the Indian context.
2. Analyze and evaluate the different stages of the public policy process in India, including policy formulation, implementation, and evaluation.
3. Demonstrate an understanding of the principles and practices of decentralization and their implications for effective governance and public administration in India.
4. Comprehend the budgeting process in India, including different approaches and types of budgeting, and their role in public administration.
5. Evaluate the interface between citizens and administration in India, including mechanisms for ensuring public service delivery and redressing public grievances.
6. Critically assess social welfare policies in India, including their objectives, implementation challenges, and impact on society.
7. Develop a comprehensive understanding of the complexities, challenges, and opportunities in public policy and administration in the Indian context.

U. G. SYLLABUS – NEP 2020
Political Science
 TDC (NEP) 7th Semester
 PLS: DSC 402: MODERN POLITICAL ANALYSIS
 Full marks- 100
 (ESE- 70 Internal- 30)
 Credit- 4

Course Objectives:

1. To provide students with an understanding of the meaning, evolution, and characteristics of modern political analysis, including its differences from traditional political science.
2. To introduce students to different approaches in the study of political science, including normative and empirical approaches, and the philosophical, institutional, and behavioral perspectives.
3. To explore the concepts of power, authority, and legitimacy, including their meanings, types, and interrelationships in political systems.
4. To analyze political participation, including its meaning, modes, and determinants, as well as the phenomenon of political apathy and its implications.
5. To study influential approaches in modern political analysis, including the decision-making approach of Herbert Simon, system analysis as developed by David Easton, and the structural-functional approach of Gabriel Almond.
6. To develop critical thinking and analytical skills in analyzing political phenomena using various theoretical perspectives and approaches.
7. To promote effective communication skills in presenting and discussing concepts, theories, and empirical findings related to modern political analysis.

Units	Topics	Lectures
1	Modern Political Analysis: Meaning, Evolution, Characteristics, Differences with Traditional Political Science; Fact and Value Controversy.	
2	Approaches to the study of Political Science: Normative and Empirical-Philosophical, Institutional, Behavioural Approach, Post-Behavioural Revolution.	

3	Power, Authority and Legitimacy: Meaning, Types and Relationship.	
4	Political Participation: Meaning, Mode and Determinants, Political Apathy.	
5	Decision Making Approach: Herbert Simon. System Analysis: David Easton. Structural Functional Approach: Gabriel Almond.	

Course Outcomes:

By the end of the course, students will be able to:

1. Understand the nature and characteristics of modern political analysis and its significance in studying political phenomena.
2. Differentiate between normative and empirical approaches to political science and analyze their strengths and limitations.
3. Analyze the concepts of power, authority, and legitimacy and their implications for political systems and governance.
4. Evaluate different modes of political participation and understand the factors influencing political behavior and engagement.
5. Critically assess the contributions and limitations of influential approaches in modern political analysis, including decision-making theory, system analysis, and structural-functionalism.
6. Effectively communicate complex political concepts and theories orally and in written form.
7. Develop a deeper understanding of the interconnections between theory and practice in the field of political analysis.

Political ScienceTDC (NEP) 7th Semester

PLS: DSC 403: INDIA'S FOREIGN POLICY IN A GLOBALIZING WORLD

Full marks- 100

(ESE- 70 Internal- 30)

Credit- 4

Course Objectives:

1. To provide students with an understanding of the evolution of India's foreign policy and its changing dynamics in the context of globalization.
2. To examine India's relations with major global powers, such as the USA and the USSR/Russia, and analyze the key factors shaping these relationships.
3. To explore India's engagements with China and understand the complexities and challenges in the bilateral relationship.
4. To analyze India's relations with its neighboring countries, with a specific focus on regional organizations like SAARC (South Asian Association for Regional Cooperation) and ASEAN (Association of Southeast Asian Nations).
5. To study India's negotiating strategies in various domains, including trade, environment, and security regimes, and analyze the opportunities and challenges they present in the globalized world.
6. To foster critical thinking and analytical skills in evaluating India's foreign policy decisions and their implications for national interests, regional dynamics, and global affairs.
7. To encourage students to reflect on the ethical dimensions and values underlying India's foreign policy choices and their impact on global governance and international relations.

Units	Topics	Lectures
1	India's Foreign Policy: Evolution and Changing Scenario.	
2	India's Relations with the USA and the USSR/Russia.	
3	India's Engagements with China.	

4	India and Its Neighbours- SAARC, ASEAN.	
5	India's Negotiating Strategies: Trade, Environment and Security Regimes.	

Course Outcomes:

By the end of the course, students will be able to:

1. Understand the historical evolution of India's foreign policy and its adaptation to the changing global landscape.
2. Analyze the key drivers and factors influencing India's relations with major powers, such as the USA and Russia, and assess the opportunities and challenges in these relationships.
3. Evaluate the dynamics of India's engagements with China and comprehend the complexities and implications for regional stability and global order.
4. Assess India's interactions and engagements with neighboring countries through regional organizations like SAARC and ASEAN, and understand the significance of regional cooperation in India's foreign policy.
5. Analyze India's negotiating strategies in trade, environment, and security regimes, and evaluate their effectiveness in advancing national interests in a globalized world.
6. Apply ethical reasoning to assess the values and principles guiding India's foreign policy choices and their impact on international relations.

Political ScienceTDC (NEP) 7th Semester

PLS: DSC 404: HUMAN RIGHTS: CONCEPTS AND ISSUES

Full marks- 100

(ESE- 70 Internal- 30)

Credit- 4

1. To introduce students to the concept of human rights, their historical evolution, and their significance in promoting dignity, equality, and justice.
2. To familiarize students with the three generations of human rights, including civil and political rights, economic, social, and cultural rights, and collective rights, and understand their interdependence and indivisibility.
3. To explore the role of the United Nations in promoting and protecting human rights, with a focus on key documents such as the UN Charter and the Universal Declaration of Human Rights (UDHR).
4. To examine international conventions and covenants that elaborate on specific human rights, such as the International Covenant on Civil and Political Rights (ICCPR) and the International Covenant on Economic, Social, and Cultural Rights (ICESCR).
5. To study the enforcement agencies in India that are responsible for safeguarding human rights, including the National Human Rights Commission (NHRC), SC Commission, ST Commission, and Minority Commission.
6. To analyze specific issues and challenges related to human rights in India, including women and children's rights, the rights of indigenous communities (Adivasis), refugee rights, caste conflicts, ethnic conflicts, and the impact of terrorism on human rights.
7. To foster effective communication skills in articulating and advocating for human rights principles, both orally and in written form.

Units	Topics	Lectures
1	Human Rights: <ol style="list-style-type: none"> i. Meaning, Evolution and Development; ii. Three Generations of Rights; iii. Immanuel Kant on Rights: Perpetual Peace. 	
	The United Nations and Human Rights	

2	<ul style="list-style-type: none"> i. The UN Charter and the Universal Declaration of Human Rights (UDHR). ii. Later Developments- International Conventions and Covenants- ICCPR, ICESCR. 	
3	<p>Enforcement Agencies in India:</p> <ul style="list-style-type: none"> i. National Human Rights Commission (NHRC), ii. SC Commission, iii. ST Commission iv. Minority Commission. 	
4	<p>Issues and Challenges in India: I</p> <ul style="list-style-type: none"> i. Women and Children ii. Adivasis iii. Refugees 	
5	<p>Issues and Challenges in India: II</p> <ul style="list-style-type: none"> i. Caste conflicts ii. Ethnic conflicts iii. Terrorism 	

Course Outcomes:

By the end of the course, students will be able to:

1. Demonstrate a comprehensive understanding of the concept of human rights, their historical development, and the principles underlying their protection.
2. Identify and analyze the three generations of human rights and their relevance in promoting individual and collective well-being.
3. Evaluate the role of international instruments, such as the UDHR, ICCPR, and ICESCR, in promoting and protecting human rights at the global level.
4. Assess the functions and effectiveness of enforcement agencies in India, including the NHRC, SC Commission, ST Commission, and Minority Commission, in addressing human rights violations.
5. Analyze specific human rights issues and challenges in the Indian context, such as women and children's rights, indigenous rights, refugee rights, caste conflicts, ethnic conflicts, and the impact of terrorism on human rights.

7. Evaluate ethical dilemmas and complexities associated with human rights protection and promotion and develop an ethical framework for addressing human rights challenges.

8. Apply knowledge and understanding of human rights concepts and issues to contribute to informed discussions and debates on human rights at local, national, and international levels.

Political Science

TDC (NEP) 7th Semester

PLS: DSM 401: INTRODUCTION TO INTERNATIONAL RELATIONS

Full marks- 100

(ESE- 70 Internal- 30)

Credit- 4

Course Objectives:

1. To provide students with a comprehensive understanding of the field of International Relations (IR), including its meaning, subject matter, and scope.
2. To explore the historical development of IR as a distinct field of study and its growth in response to global events and changing international dynamics.
3. To emphasize the importance and utility of studying IR in understanding the complex and interconnected world of international politics and relations.
4. To analyze the components of national capability and the limitations that states face in their pursuit of national interests and objectives in the international arena.
5. To examine the League of Nations and the United Nations Organization as key international institutions aimed at promoting collective security and addressing global challenges.
6. To examine the factors and events that led to the end of the Cold War and the subsequent transformations in the international system.
7. To foster critical thinking and analytical skills in assessing international events, conflicts, and developments through the lens of IR theories and concepts.
8. To develop research and communication skills through assignments, presentations, and discussions on various topics related to international relations.

Units	Topics	Lectures
1	International Relations: Meaning, Subject matter and Scope of International Relations, Growth of International Relations as a Field of Study, Utility of the Study of International Relations.	
2	National Capability: Components and Limitations of National Capability.	

3	League of Nations and Collective Security. The United Nations Organization and its Security Council.	
4	Foreign Policy: Meaning, Definition and Objectives of Foreign Policy; Determinants of Foreign Policy.	
5	Cold War: Definition, Origin, Characteristics, Causes and Consequences, End of the Cold War.	

Course Outcomes:

By the end of the course, students will be able to:

1. Define and explain the field of International Relations, its subject matter, and its scope.
2. Understand the historical evolution of International Relations as a discipline and its significance in analyzing global politics.
3. Recognize the utility and relevance of studying International Relations in comprehending and analyzing contemporary international issues and challenges.
4. Identify and analyze the components of national capability and assess the limitations that states face in pursuing their national interests in the international arena.
5. Evaluate the League of Nations and the United Nations Organization as international institutions and assess their roles in promoting collective security and global governance.
6. Define and understand the concept of foreign policy, its objectives, and the factors that shape a state's foreign policy decisions.
7. Conduct independent research on specific topics related to international relations, demonstrate critical thinking and analytical skills, and effectively communicate their findings through presentations and written assignments.

Political Science
 TDC (NEP) 8th Semester
 PLS: DSC 451: POLITICAL SOCIOLOGY
 Full marks- 100
 (ESE- 70 Internal- 30)
 Credit- 4

Course Objectives :

1. To introduce students to the field of political sociology, including its definition, nature, and scope, and to highlight its importance in understanding the relationship between politics and society.
2. To explore the concepts of social stratification, particularly caste and class, and their significance in shaping political processes, power dynamics, and inequalities within societies.
3. To examine the role of political culture and political socialization in influencing political attitudes, beliefs, values, and behaviors, and to analyze the foundations of political culture and the agents of political socialization.
4. To understand the concept of political development, including its meaning, attributes, and various theories proposed by scholars such as Lucian Pye and Samuel Huntington.
5. To explore the concept of political modernization, its attributes, and the agencies involved in the process, and to differentiate between political development and political modernization

Units	Topics	Lectures
1	Political Sociology: Definition, Nature and Scope; Importance of Political Sociology; Relations with Political Science.	
2	Social Stratification: Caste and Class.	
3	Political Culture and Political Socialization: Meaning, Types and Their Relations; Foundations of Political Culture; Agents of Political Socialization.	
4	Political Development: Meaning, Attributes, Theories of Political Development- Lucian Pye and Huntington.	

5	Political Modernization: Meaning, Attributes; Agencies of Political Modernization; Distinction between Political Development and Political Modernization.	
---	---	--

Course Outcomes:

By the end of the course, students will be able to:

1. Define and explain the field of political sociology, its nature, and its relationship with political science.
2. Analyze and compare the concepts of caste and class as forms of social stratification and evaluate their impact on political systems and dynamics.
3. Understand the concept of political culture, its various types, and its influence on political attitudes and behaviors, and recognize the agents of political socialization.
4. Identify and critically evaluate the theories of political development proposed by scholars like Lucian Pye and Samuel Huntington, and analyze their applicability to different political contexts.
5. Differentiate between political development and political modernization, and understand the attributes and agencies involved in the process of political modernization.
6. Develop a deeper understanding of the complex relationship between politics and society, and recognize the broader societal implications of political processes and decisions.
7. Reflect on the ethical and moral dimensions of political sociology and its potential for contributing to positive social change.

TDC (NEP) 8th Semester

PLS: DSC 452: FREEDOM MOVEMENT AND POLITICS IN NORTH EAST INDIA

Full marks- 100

(ESE- 70 Internal- 30)

Credit- 4

Course Objectives:

1. To provide students with a historical understanding of the North East region of India in the 19th century, including the British annexation of the region and the amalgamation of Sylhet and Cachar to Assam.
2. To examine the growth of the freedom struggle in the North East, focusing on key figures such as Maniram Dewan and significant events like the Sepoy Mutiny and agrarian revolts.
3. To analyze the impact of the Indian National Congress on the North East, particularly during the Gandhian era, including the Non-Cooperation Movement, Civil Disobedience Movement, and Quit India Movement.
4. To explore the role of the North East during the independence era, including the Cabinet Mission and the Grouping Plan, Congress and Muslim League politics, and the partition of the region with a focus on the Sylhet referendum and its consequences.
5. To examine language politics and the reorganization of Assam, including the anti-foreigners' agitation and its consequences, and to study autonomy and statehood movements within the North East region.

Units	Topics	Lectures
1	i. Historical Profile of the North East India in the 19th Century. ii. British Annexation of the North East India. iii. Amalgamation of Sylhet and Cachar to Assam.	
2	Growth of Freedom Struggle in the North East India: i. Maniram Dewan and Sepoy Mutiny. ii. Agrarian Revolt: Phulaguri Dhawa (1861), Patharughatar Ran (1894).	
3	i. Formation of the Indian National Congress and Its Impact on the	

	<p>North East India.</p> <p>ii. Gandhian Era and the North East- Non Cooperation Movement, Civil Disobedience Movement and Quit India Movement.</p>	
4	<p>North East in the Twilight of Independence:</p> <p>i. Cabinet Mission & the Grouping Plan: Congress and Muslim League Politics</p> <p>ii. Partition: Sylhet Referendum and its Consequences.</p>	
5	<p>i. Language Politics and Re-organization of Assam, Anti Foreigners' Agitation in Assam and its Consequences.</p> <p>ii. Autonomy/ Statehood Movements.</p>	

Course Outcomes:

By the end of the course, students will be able to:

1. Demonstrate a comprehensive understanding of the historical profile of the North East region of India in the 19th century and the events that led to the British annexation and amalgamation of territories.
2. Analyze the growth of the freedom struggle in the North East, including key figures, significant events, and the socio-political context of agrarian revolts and the role of Maniram Dewan.
3. Evaluate the impact of the Indian National Congress on the North East during the Gandhian era and assess the effectiveness of non-cooperation, civil disobedience, and Quit India movements in the region.
4. Understand the political dynamics during the independence era, including the role of the Cabinet Mission and the Grouping Plan, the partition of the region, and the consequences of the Sylhet referendum.
5. Analyze the language politics and reorganization of Assam, including the anti-foreigners' agitation and its consequences on the socio-political landscape of the region.
6. Examine the autonomy and statehood movements within the North East region, critically analyzing their objectives, strategies, and impact on the political landscape.

7. Develop critical thinking and analytical skills in assessing the complexities of the freedom movement and politics in the North East, including the diverse regional dynamics and the interactions with national and international forces.

8. Reflect on the historical experiences and struggles of the North East region and their relevance in contemporary political discourses, governance, and policies.

TDC (NEP) 8th Semester

PLS: DSC 453: DEVELOPMENT PROCESS AND SOCIAL MOVEMENTS IN INDIA

Full marks- 100

(ESE- 70 Internal- 30)

Credit-4

Course Objectives:

1. To provide students with a comprehensive understanding of the development approaches adopted in India, including the role of the Planning Commission and the impact of liberalization, privatization, and globalization (LPG) reforms.
2. To analyze the industrial development strategy in India and its impact on the economy, including the role and impact of the public and private sectors. Also, to examine the agrarian development strategy, focusing on land reforms and the significance of the Green Revolution.
3. To explore the technological development strategy in India and its impact on various sectors such as transportation and information and communication technology. Also to study the emergence of the service sector and its impact on the economy.
4. To examine various social movements in India, including workers' movements, peasant movements, and Maoist movements, and to analyze their causes, objectives, strategies, and impacts.
5. To analyze civil rights movements in India and their impact on society and governance. Also, to study the relationship between development and displacement and the social movements that emerges in response to development-induced displacement.

Units	Topics	Lectures
1	Development Approach: i. Planning Commission ii. LPG- New Economic Reforms	
2	Industrial Development Strategy and its Impact: Mixed Economy- Meaning, Public Sector- Role and Impact, Private Sector- Role and Impact. Agrarian Development Strategy and its Impact:	

	Land Reforms and its Impact, Significance of Green Revolution	
3	Technological Development Strategy and its Impact: Transport, Information and Communication Technology. Emergence of Service Sector and its Impact.	
4	Social Movements: I Workers' Movement, Peasant Movement, Maoist Movement.	
5	Social Movements: II Civil Rights Movements, Development and Displacement.	

Course Outcomes:

By the end of the course, students will be able to:

1. Understand the development approaches adopted in India, including the role of planning institutions and the impact of economic reforms.
2. Evaluate the impact of industrial development strategies on the economy, including the role of the public and private sectors.
3. Analyze the agrarian development strategy in India, including the significance of land reforms and the Green Revolution.
4. Understand the impact of technological development on various sectors of the economy, such as transportation and information and communication technology.
5. Examine the emergence of the service sector in India and its impact on the economy and employment.
6. Analyze different social movements in India, including workers' movements, peasant movements, Maoist movements, civil rights movements, and movements against development-induced displacement.
7. Understand the causes, objectives, strategies, and impacts of social movements in India.
8. Reflect on the challenges and opportunities in the development process and the role of social movements in advocating for social justice and inclusive development in India.
